REVIEW OF NATIONAL POLICY ON SKILL DEVELOPMENT

118 # SHRI Y.S. CHOWDARY:

Will the Minister of SKILL DEVELOPMENT AND ENTREPRENEURSHIP be pleased to state:

- (a) whether any review has been done of the National Policy on Skill Development and Entrepreneurship launched in 2015, in view of change in technology and environment;
- (b) if so, the details thereof;
- (c) how far the integration of formal education with skill development has been achieved in the country, the details thereof; and
- (d) how many apprenticeship training courses were offered to the eligible youths in the country, especially in Andhra Pradesh and Telangana during the last five years, the details thereof?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF
SKILL DEVELOPMENT AND ENTREPRENEURSHIP
(SHRI RAJEEV CHANDRASEKHAR)**

(a)&(b) The Steering Committee of National Skill Development Mission in its 2nd meeting on June 29, 2021, has proposed to undertake the review of National Policy for Skill Development and Entrepreneurship. The work on the same is in progress. Alignment with global standards has always been a part of Policies and Guidelines of Ministry of Skill Development and Entrepreneurship. All NSQF Qualifications Packs and Curriculum contain references to global standards wherever needed.

(c) Govt of India has introduced Vocational Education at Schools through a centrally sponsored scheme known as Samagra Shiksha Abhiyan scheme. This scheme is providing fund to the 28 States and 8 UTs for introducing Vocational Education from Class 9th to Class 12th. There are 20 Sector Skill Councils working in this space and 125 approved job roles are being implemented through NSDC empanelled vocational training providers. Total 13,775 schools have been adopted for vocational education at school level. The summary of State-wise adoption of vocational education at the school level is mentioned in Annexure I.

Ministry of Skill Development & Entrepreneurship has recently signed a Memorandum of Understanding (MoU) with Indira Gandhi Open University (IGNOU), the partnership aims to link vocational education and training with higher education, making India's youth employable by creating avenues for them to access better work opportunities. The trainees attached to National Skill Training Institutes (NSTI), Industrial Training Institutes

(ITI), Pradhan Mantri Kaushal Kendras (PMKK) and Jan Shikshan Sansthan (JSS) will benefit from the programme, aimed at creating upward mobility of these students to be able to attain higher education for better livelihood opportunities. Under the partnership, 32 NSTIs, more than 3,000 Government it is, 500 PMKKs and nearly 300 JSS will be associated with IGNOU as Registration Centres, Examination Centres and Work Centres for hands on training. Through the collaboration, students will now get an opportunity to join the three-year degree programme of IGNOU. There shall be a Project Steering Committee with representatives from both MSDE and IGNOU to monitor and review the progress of the programme. The MoU is in alignment with the Sustainable Development Goal 4.4 and the National Education Policy (NEP) 2020 for increasing Gross Enrolment Ratio (GER) in higher education including vocational education to 50% by 2035.

(d) **National Apprenticeship Promotion Scheme (NAPS):** This Scheme is for promoting apprenticeship training and increasing the engagement of apprentices by providing financial support to industrial establishments undertaking apprenticeship programme under The Apprentices Act, 1961. Training consists of Basic Training and On-the-Job Training / Practical Training at workplace in the industry. No apprenticeship course is run by the Ministry-various establishments engage apprentices and the Government provides support for in-house training of such apprentices. Details of apprentices (trade-wise) for whom Government extended financial support under the NAPS, especially in Andhra Pradesh and Telangana is at Annexure-II & III respectively. The picture for the country as a whole may be seen in Annexure-IV.
